

Creating your Canal City Discussion Bulletin Board Account

The Canal City Discussion Bulletin Board (“Board” or “Forums” for short) consists of one or more forums. You must first create an account on the discussion board in order to access and use any of the Canal City forums. Once your account is created, you will then be able to login with your username and password and participate in forum discussions.

Anybody on the internet may set up an account. In order to ensure that only Canal City property owners can access particular forums, some of the forums in the future may require a separate, additional password. In those cases, the password will be provided to all property owners upon request to the Comptroller who will verify ownership in Canal City.

Steps to Create Your Account

- 14 – If a particular forum requires a password, you will be required to enter it now.
- 15 – Once you are in the forum of your choice, you can view and edit the topics or add new topics.

We look forward to your participation! Enjoy!
